

Flex-Flo

A new era of total office interior solutions

Backed by an intent to create a high quality office system to cater from cozy spaces to multi-level buildings, Flo provides the space to individualize your ideal workspace. With sleek designs for the corporate office, Flo drives perfection to seamless office interiors.

Today, modern offices require solutions which allows for flexibility and the optimum use of space. Flo systems provides innovative answers for your workspace with our series of freestanding desks, tables and dividing screens.

With an open office concept, a comfortable working area is not affected by the constraints of space. Mobile pedestals and office organization tools enhance the flexibility of workspaces.

With Flo's hybrid system, spacious workstations can be modeled to suit your desired office layout. This creates a favourable work environment without clutter.

Flo's range of combinations can be customized for different types of work settings and area layout. An accessible and cohesive system allows staff members to communicate effectively and efficiently.

Sleek wood desks exude classiness. The Flo system combines functionality and aesthetics to create suitable executive fittings, complementing corporate work settings.

Besides bringing a sense of distinction, this exquisite beveled edge conference table – complete with wire management and power flap aims to serve the needs of the corporate world.
