

### ENVIRONMENTAL POLICY

Company recognizes that environmental problems have a global influence and they are long-term problems that affect the future. We are committed to protect our environment and prevent environmental pollution. We believe in our environmental motto:

We strive to realize this goal through ensuring that:

- Efficient use of resources
- Complying with the environmental related laws and other requirement to prevent environmental pollution
- Taking action to prevent environmental pollution resulting from operation wastes
- Continually finding ways to improve the environment
- Non-use of prohibited substances in our products and services
- Continually improve company's environmental management system

It is the responsibility of all employees to ensure they understand this Quality Policy and comply with it.
